

Our Scouts do more activities, go more places, and have more choice. In our Scouts Programs, the future is bright for all.

We believe opportunities should be equal and earned, and measure of a person should be their choices and the content of their character.

We Do More is one of the phrases we use to describe our Scout Programs.

Our Scouts launch rockets, play basketball, and hold video championships because our Scout choose, organize, and lead their own meetings, programs, and activities. We Do More is not just a phrase, but a way of being in our Scout Programs.
