

What is a North Star Scout?

Last Updated Saturday, 01 December 2007

North Stars are Scouts who are 11 years of age to 18 years of age.Â

Since the Scout Programs of Adventure Scouts USA are newly formed and the participation of everyone is the ultimate goal, temporary mixed team, of North Star and Rising Star Scouts may be necessary in order to initially accommodate everyone who wants to be a team member of the Scout Programs of Adventure Scouts USA.

When there are enough Scouts within a mixed team the team can choose to divide the mixed team into program-specific teams.
