

We measure the short term success of our Scout Programs by whether our Scouts are having FUN while they are using the methods and aims of the Scout Movement, and continuing to achieve our mission.

The long term answer to this question will be clearer to us in about 20-25 years when the Scouts of the Scout Programs of Adventure Scouts USA start to become parents. When they do become parents, it is how they interact with their own children that is the best measurement of our success.
