We are focused on the whole child as a part of their family and the greater community. A youth-aged Scout will grow into an adult, and we enable our Scouts to develop resourcefulness, true proficiency in first aid and outdoor skills, creative and critical thinking, and other attributes that will be necessary life long

For example, in our Pursue Your Passions Program, a Scout who is passionate about skateboarding will also acquire knowledge of sports management, sports medicine, and other aspects of the skateboarding so the Scout has all the tools necessary to make their passion their career if they choose.

We support character playing a significant role as a part of our focus on the whole child. We are filled with hope and appreciate struggle parents and families face day in and day out. We have labored to create an imaginative, adventurous vision which includes all on a nondiscriminatory basis for a brighter future.
